

iriComm 3.0

The most rugged headset on the market

by **IWCS**
COMMUNICATION CAN SAVE LIVES

iriComm connection headset panel.
Part no. 78457

The iriComm 3.0 waterproof headset addresses the need for clear and safe communication at sea - both for the marine professional and for the leisure sailor. The fully waterproof, ANC boom-microphone provides excellent wind-noise reduction, enabling trouble-free conversation - even while sailing at speeds up to 60 kn. iriComm 3.0 headset is available in standard headband version and as a set of earcups prepared for attachment to a marine safety helmet.
